A New Chemist of Repute.

Mr. F. T. Schreiber, M. S. C. I., C. E., has today purchased the laboratory, including all the books, records and good will of the established business of the late Bevington H. Gibbins, and will re-open the laboratory in a few days for all classes of chemical analysis.

Mr. Schreiber comes to Ocala fortified with the highest references both as to his skill as a chemist and as to his integrity, the latter being so important a qualification for the protection of the patrons of an analytical chemist. Mr. Schreiber is of English birth and is a member of the Society of Chemical Industry of London.

He was associated for four years, two years as a student and two years as private assistant, with Professor Fresenius, at Wiesbaden, Germany, well known as one of the first chemists in Europe.

He afterwards studied at the Royal School of Mines in London, and subsequently became associated, as consulting chemist, with one of the largest engineering firms of Manchester, England.

We are pleased to welcome Mr. Schreiber to Ocala, and have no doubt that, as successor to the late Mr. Gibbins, he will rapidly build up a good business for himself, and at the same time afford to the phosphate trade all the advantages of a thoroughly reliable laboratory.

Union Sunday-School Picnic.

Committees representing the different Sunday-schools in the city met yesterday at the office of Dr. Izlar to discuss the time and place for holding a union picnic. The first thing decided on was to hold the picnic at some place where the greatest number of small children could attend. Propositions were received from the Plant System to go to East Lake Weir, or McIntosh; from the S. S. & W., for Silver Springs and from the F. C. & P., or Lochloosa. After some discussion it was unanimously decided to hold the picnic on Thursday of next week, the 27th. The proposition of the S. S. & W. for the Silver Springs trip was considered the best and that delightful resort was decided on as the place. The fare for the round trip for all over 12 years 25 cents; between the ages of 10 and 12 years 10 cents; all under 10 years an go free. The railroad agrees to provide five row boats for the use of the picnickers free of cost, also a good supply of ice water. Those who have visited the grounds say they are well adapted for picnics and the railroad will see that they are placed in excellent condition.

Public School Closing.

The primary department of the Ocala public school was a scene of brilliant activity today. It was the closing day of the school term and the little children were very busy showing their work to the assembled parents and friends of the school. Miss Nellie Stevens, the faithful teacher in this department, has brought the pupils up to a high point of excellence. The exhibition of work in lay, drawing and writing was the finest ever seen in this city. Judge W. S. Bullock and Simon Benjamin, members of the city board of instruction, were present during the forenoon and manifested great interest in the work. There were no exhibits of work from any of the other departments such to the regret of many of the visitors.

How to Impeach.

Several persons—and among them some of intelligence—have asked how is State Treasurer Collins to be impeached? The state constitution provides the method, as follows:

The house of representatives shall have the sole power of impeachment, but a vote of two-thirds of all the members present shall be required to impeach any officer, and all impeachments shall be tried by the senate.

When sitting for that purpose the senators shall be upon oath or affirmation and no person shall be convicted without the concurrence of two-thirds of the senators present.

The senate may adjourn to a fixed day for the trial of any impeachment, and may sit for the purpose of such trial, whether the house of representatives be in session or not, but the time fixed for such trial shall not be more than six months from the time of articles of impeachment shall be preferred by the house of representatives.

The chief justice shall preside at all trials by impeachment, except in trial of the chief justice, when the governor shall preside.

The governor, administrative officers of the executive department, justices of the supreme court and judges of the circuit court shall be liable to impeachment for any misdemeanor in office, but judgment in such cases shall extend to removal from office and disqualification to hold any office of honor, trust or profit under the state; but the party convicted or acquitted shall, nevertheless, be liable to indictment, trial and punishment according to law.

Therefore, the plan to be pursued in this case is the adoption of the report, and then the appointment of a committee by a two-thirds vote of the house to prefer charges and specifications, to which the treasurer shall be summoned to answer to the senate.

The house has already passed impeachment resolutions and preferred the charges against Collins—Metropolis.

What We Inherit.

We are not to blame for. We cannot be held responsible for the dispositions and tendencies which we derive from our ancestors, nor are we responsible for the germs of disease which may manifest themselves in our blood as a heritage from former generations. But we are responsible if we allow these germs to develop into serious diseases which will impair our usefulness and destroy our happiness. We are responsible if we transmit to our descendants the disease germs which it is possible for us to eradicate by the use of Hood's Sarsaparilla, the one true blood purifier. This medicine has power to make rich, red blood and establish perfect health in place of disease.

Notice.

To the merchants and Citizens of Ocala:

I hereby give notice that I will not be accountable for any debts contracted on my credit or in my name. No person or persons are in any way authorized to obtain any goods on my credit and no accounts of this kind will be paid by me. L. J. MEDERO. 5-19-3td.

A Delightful Evening.

A most delightful "observation" party was held last night at the home of W. W. Clyatt jr., under the auspices of the Epworth League of the Methodist church. About sixty young people were present and the time until a late hour was spent in a most enjoyable manner. After the crowd had all assembled the following excellent program was rendered: Duet by Miss Anna Lummus and Miss Lizzie Brown; recitation by Miss Bertha Gamble; instrument al solo by Miss Jessie Palmer; reading of the "Epworth Sunbeam," the league paper by editor W. L. Ditto.

Testing the five senses: touch, smell, hearing, seeing and tasting, proved a very interesting exercise. A handsome bouquet prize was awarded to Miss Jennie Bull as being the most skillful in this department. Mr. and Mrs. Clyatt proved themselves adepts in the art of entertaining and the young people are under obligations to them for their kind hospitality.

Will Locate in Ocala.

Carlos L. Sistrunk, the well known and popular young attorney has after mature deliberation concluded to locate permanently in this city. He has secured a very cozy headquarters in room 4 in the Masonic building where he will always be at home to his friends.

For the past two years, Mr. Sistrunk has been studiously at work in the law office of Judge W. S. Bullock and has proven himself an apt and a worthy follower of Blackstone. Some two months ago he passed his examination and was admitted to practice at the courts of Florida. He received special praise for having passed a most creditable examination. His many friends will be pleased to learn that he will not locate elsewhere as contemplated. He has been a good student and will make a good lawyer. As he embarks on the troubled waters of professional activity, he has a host of friends who wish him a successful voyage through the storms and sunshine of a busy life.

The Silver Tea Next Tuesday.

The ladies of the Baptist church will have a silver tea next Tuesday from 5 to 10 o'clock p. m., at the residence of Dr. J. M. Thompson. It will also be a farewell reception to Rev. and Mrs. J. E. Oates, who will leave the next morning for St. Augustine. Their host of friends will be glad, we are sure to have this opportunity of seeing them and taking leave of them ere they start to their new field of labor. Everybody is most cordially invited.

Murder Trial at Gainesville.

The circuit court of Gainesville is now in session with Judge Hocker on the bench, listening to an important murder trial in which W. G. Shehee is charged with killing two white men, Messrs. Taylor and Hildard, of High Springs. The state's attorney, Syd L. Carter, is being assisted in the prosecution by Neill M. Allred, of this city. The defense is being represented by Hon. R. W. Davis, B. A. Thrasher and Evans Haile. The case is creating a great deal of interest.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at drug store. F. C. Alworth & Co.
